D. B. Engineering (P) Ltd is today one of the largest manufacturers of cutting tools in India. Since the company's inception in 1951, it has treaded a path dedicated to producing world class industrial machine knives and blades. This has been achieved by innovation in products through constant research and development and by bringing in the latest technology, state-of-the-art CNC Machines and in-house most recent heat treatment techniques. The Company with its Corporate Office at New Delhi, has five manufacturing units in National Capital Region (NCR), and employs over 600 trained technicians. It has state-of-the-art modern manufacturing facilities, quality assurance system and well equipped R&D facilities. Supported by ERP and information management system across all units, the Company serves its customers with ever increasing satisfaction. Our biggest strength today is our dedicated and sincere work force manning our five manufacturing facilities. Our proven range of cutting tools for Metal, Paper, Printing, Packaging, Plastic, Wood, Rubber and Allied industries has over the years become a benchmark under the brand ATLAS KNIVES gaining the trust and global recognition. Satisfied users in over 60 countries worldwide are a testimony to our consistent quality. D. B. Engineering Pvt. Ltd. is a true amalgamation of people from the field of Metallurgy, Engineering and Management.

Mission Statement The Company's mission is to meet the customer's expectations in quality, delivery, and cost through continuous research, development and customer

interaction.

Quality PolicyThe Company strives to achieve complete customer satisfaction through continued improvement in the quality of products, process techniques and effective Quality Management System.
