We are now proud suppliers of exclusive imported products, through our own distribution company milk & HONEY Trading, and selected suppliers worldwide that deal with 5 star hotels and hospitality industries only. Our recently imported exclusive Australian brands include: Preshafood, Naturally Good, Select Harvests, Springhill Farms, Loving Earth, Australian Harvest, Passion Pasta and Cape Grim mineral water – which is the chosen water served in all Tiffany & Co outlets around the world. Our other imported luxury goods include: world-class oils and vinegars, a wide selection of coffees and a vast variety of organic teas from across the globe. Part of our vision is to cater for all dietary needs through products such as: vegetarian, gluten free, dairy free, GMO free, sugar free products. We are proud of our fresh produce range, which are sourced from the best suppliers in the region at very competitive pricing.

We believe in freshness and best quality and hence aim to provide the same on our shelves every day. Some of our top selling products are our bottled fresh juices, which are made exclusively for milk & HONEY with our chosen ingredients and recipes. At milk & HONEY Trading, we import products for a niche market, following a demand for more premium products in the region. We focus on importing healthy, natural and organic goods for our targeted clientele. Products are imported from Australia, UK, Europe and South America. We have ensured direct links with regional authorities and manufacturers in Australia and the UK to cut our overheads by not having to operate through a supplier.
