Established in Dubai in 1981, Somji and Co. is now a major manufacturer of advertising and promotional gift products. In the last twenty five years the company has gone from strength to strength, its dedication to consumer satisfaction unmatched and its innovation in product design unchallenged. In the highly competitive field of gift products, where quality of product and quality of service are both essential, Somji has consistently been able to excel. Its products, without exception, have been judged as first rate by its customers. As the Gulf's premier advertising gifts company, our reputation for quality, dependability and creativity is second to none. For us, client satisfaction is of utmost importance; we believe that lasting client relationships are forged through understanding, trust and personal contact. One of the main reasons for our success is the ability to listen and understand a client needs, to come up with a product or a product design that satisfies these needs and then produce them without any loss in quality. We have our own in-house systems of marking and production, thereby ensuring that customers get the advantage of a one-stop supplier service. We have a policy of offering unbeatable value for money.
