About UsThe company was established in Dubai early 1980 with three Directors, Swedish, English and UAE national respectively. The company is still owned and managed by the same Directors but is now transformed into a Limited Liability Company under UAE law with a share capital of AED 3,000,000.00 (US\$ 820,000.00).

FLOORING For thousands of years wood has been the main choice in flooring materials. Its warmth, strength, versatility and ease of maintenance offers a long lasting and beautiful solution.Green BuildingNUDURA Insulated Concrete Forms or (ICF's) are a proven method of providing you a better alternative to traditional building methods. NUDURA Insulated Concrete Forms consist of two stay in place panels of Expanded Polystyrene (EPS) connected with our innovative hinged folding web. The forms are stacked, reinforced and then filled with concrete, creating a solid reinforced monolithic concrete wall. Building with NUDURA offers a variety of advantages over traditional building methods. NUDURA offers form thicknesses consisting of 4", 6", 8", 10" and 12 inches allowing you to build your home as strong as you like.WEDA Water Cleaning SolutionsRegardless of whether we are dealing with basins in water works, wastewater treatment plants or commercial swimming pools, the bottoms must be cleaned regularly. The ability to clean without emptying the water is a challenge we at Weda are accustomed to and have successfully resolved for several years. Our web site presents you with solutions for
