National Catering Company LLC has developed into being one of the largest organizations in the UAE specializing in catering and facilities management services. NCC has been historically associated with the Albert Abela Group, and became an independent identity through a merger acquisition in 2003. With an employment force of over 5,000 personnel throughout the U.A.E., an extensive product range and a dedication to providing the highest quality of service, NCC ensures its clientele the best total economical solutions to their requirements. NCC is a National Company operating with International Standards.
